
Software Release Notes

G Series version 2.06

This document describes the changes from G Series version 2.05 to version 2.06.

Affected products

The following products are affected:

- DWX600-G
- DHD600-G
- DWU600-G

Purpose of release

The primary purpose of this software release is:

- Provide minor fixes and improvements over version 2.05 software.

Change details

The following changes have been implemented in this release.

Scaler

The following fixes and improvements have been made:

- Added confirmation for the lens calibration to avoid an accidental lens calibration.

LAN

The following fixes and improvements have been made:

- Added support for Chrome.
- Provided the ability for the user to open the About page from the projector's web UI.
- Automated the Creston connection function so the projector automatically resets the connection count to continuously connect between the Creston controller and the projector.
