Operating M Series 450W in portrait mode

Due to ongoing research and innovation, the M Series 450W models are now capable of portrait orientation operation when using the 003-102385-03 450W lamps. The lamp life will be reduced compared to desktop/inverted orientations.

If full lamp life is required, another option to change the displayed image from landscape to portrait is to use the M Series portrait adapter (P/N 118-116109-XX). For further information, see the Portrait Adapter Instruction Sheet (P/N: 020-100304-XX).

Affected products

The following products are affected:

- HD14K-M
- DS+14K-M
- WU14K-M
- Roadster HD14K-M
- Roadster DS+14K-M
- Roadster WU14K-M
- Mirage HD14K-M
- Mirage DS+14K-M
- Mirage WU14K-M
