Highest resolution and highest brightness for superior image quality

Today's displays are bigger and brighter than ever, but image quality is more than brightness. Audiences expect precise detail and life-like images that capture their attention and immerse them in the content. For displays that require high brightness, superior color reproduction and consistent long-life reliability Christie® offers you two 4K (4096 x 2160) resolution choices.

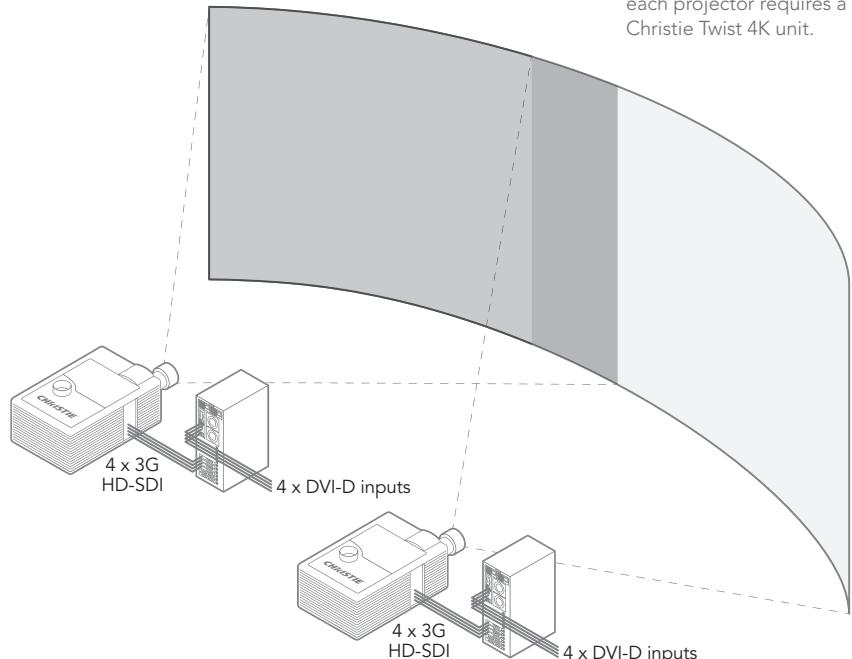

The Christie D4K25 and the Christie D4K35, the brightest 4K resolution projectors available, are designed using Christie's 3-chip DLP® platform which offers the widest color gamut for unrivalled color reproduction. Additionally, both models enable the use of different lamp powers depending on your application needs.

The optional Christie Twist™ 4K offers the ability to warp, blend and color match multiple Christie 4K projectors. You can create large, ultra-high resolution canvases on almost any shape or surface. No need to worry about connecting sources; Christie Twist 4K includes quad DVI inputs which allow for the use of standard 4K sources enabling native content to be displayed right out of the box.

- **4 times the resolution of 2K**
- **3-chip DLP technology for longer life and richer color**
- **High brightness**
- **Project on almost any shape or surface using Christie Twist 4K**
- **Standard 4K DVI sources using Christie Twist 4K**
- **3D capabilities**

	shipping weight	• Projector head 322lbs (146 kg)				
Operating environment		• Operating temperature: 50-95°F (10-35°C) • Humidity (non-condensing): 20-80%				
Regulatory approvals		This product conforms to the following regulations related to product safety, environmental requirements and electromagnetic compatibility (EMC): • Directives: (EC) 2002/95/EC (RoHS) • 2002/96/EC (WEEE) • Regulations: (EC) No. 1907/2006 (REACH) • CAN/CSA C22.2 No. 60950-1 • UL 60950-1 • IEC 60950-1 • FCC, Part 15, Subpart B, Class A • EN55022/CISPR22 Class A • EN55024/CISPR24 • Certifications marks (check with Christie for latest update): cULus (Canada & US), CE (EU), CCC (China), GoST-R (Russia), KC (Korea), PSE (Japan), C-Tick (Australia & New Zealand), South Africa				
Limited warranty		• Three years parts and labor (including light engine) • Contact an authorized Christie representative for full details of our limited warranty				

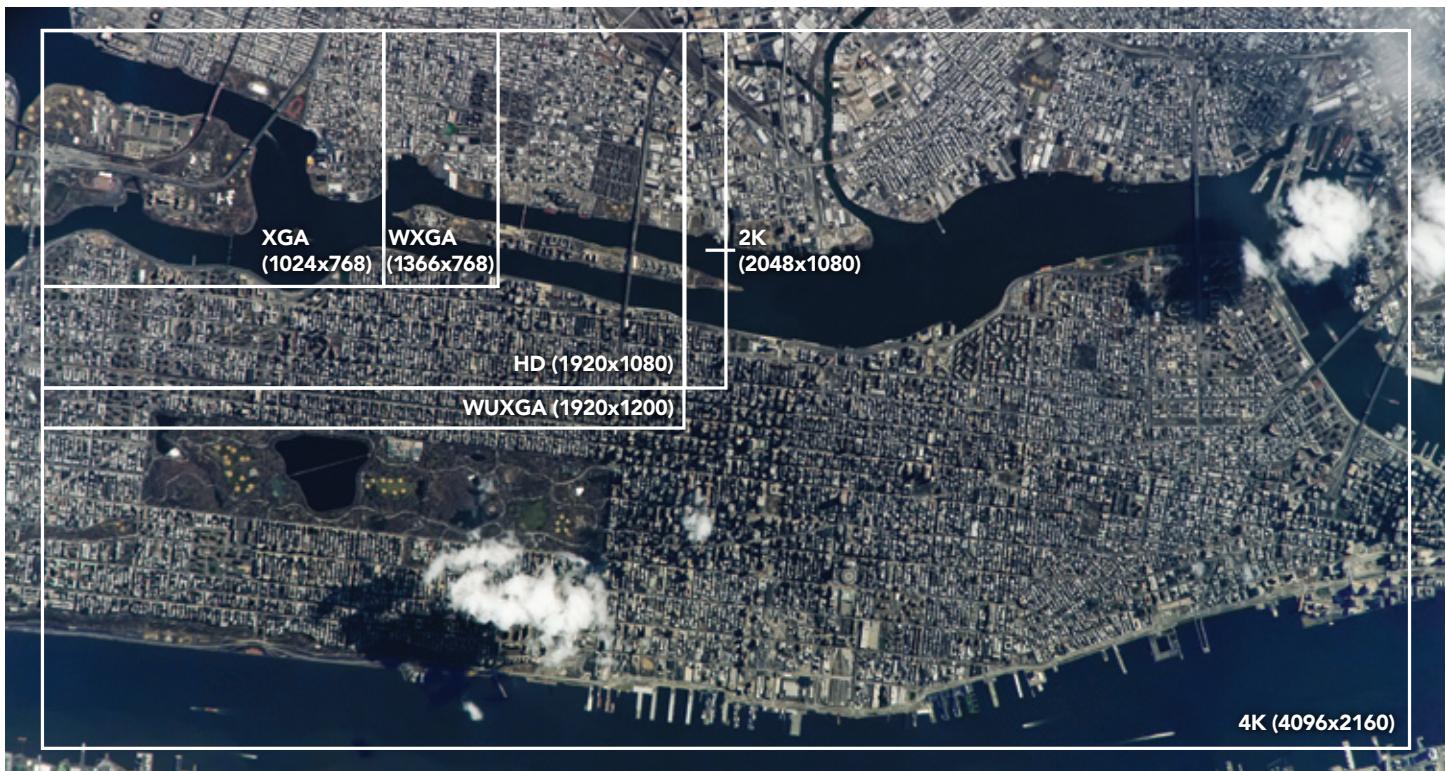

Christie Twist 4K

Christie Twist 4K warps, blends and color matches multiple 4K projectors to create ultra-high resolution displays. This powerful tool allows images to be configured to fit almost any surface shape while providing color consistency for a more uniform tiled image across the entire display.

Includes quad DVI-D inputs which allow for the use of standard 4K sources.

Christie Twist 4K	
Signals	inputs <ul style="list-style-type: none"> • 4 x DVI-D at 23.98, 24, 25, 29.97 or 30Hz • Full 4K (4096 x 2160): 4 x 2048 x 1080 quadrants • 2 x 2048 x 2160 split screen halves • Quad HD (3840 x 2160): 4 x 1920 x 1080 quadrants • 2 x 1920 x 2160 split screen halves outputs <ul style="list-style-type: none"> • 4 x 3G HD-SDI • Full 4K (4096 x 2160): 4 x 2048 x 1080 quadrants • Output frame rate matches incoming frame rate
